GRAMMATICAL INFRA: JOURNEY OF EVOLUTION

On 28 April 1988, Hon'ble Director Shri Bijoy Kumar Singh, led the foundation of Engineers & Consultancy at Jhumri Telaiya Koderma (Bihar) now Jharkhand.

With an aim of providing consultancy of civil structures & Architecture.

Er. Avinash kumar Singh, son of Er. B.K. Singh, has also expanded in all direction and now company is reaches such a state that "ENGINEER'S & CONSULTANCY" is a leading Civil Engineering consultancy in India with multidisciplinary technical staff. The scope of the firm also includes recommend design of foundation of bridges, industrial structure, residential and commercial buildings etc., based on the field and laboratory testing. Our firm has a good experience of handling for various types of projects, like Residential, Commercial, Public & industrial Buildings, Railway projects, etc., nationally.

"ENGINEER'S & CONSULTANCY" is having Head office in Jhumri Telaiya, Jharkhand and Branch office in Bhopal, M.P at easily approachable place.

As an individual "ENGINEER'S & CONSULTANCY" is reliable, responsive firm and client involvement/ third party inspection is always encouraged. Our motto is first client satisfaction, second quality and third economy. Each project is managed by an experienced analyst with highly modern equipment, under guidance of experts and advisors. We are also taking a help from independent highly experienced consultants for better of work. Our Firm also provides support to researchers, fresher engineers in this field and in that way, now we have developed good human relations with all of them which help us approaching the top of this field.

THE APPROACH PLAN

There is always some learning from each project. That learning point is always defined by our enthusiastic team and they put it into their daily practice considerably. Thus, we always improve our technical abilities as well as managerial skills for future projects. Personal care, attention to each individual's social life and progress of each personnel is considered as important as technical improvement and growth of company, which helps "ENGINEER'S & CONSULTANCY" to produce a good relation with employees and thus helps for getting effective overall output.

Confidentiality "ENGINEER'S & CONSULTANCY" is basically divided into two parts of management; one is project management and second is laboratory management. Due to these separate parts, confidentiality of project is easily maintained. Processes from start to final reporting of the work is strictly monitored for requirement of Satisfaction of clients.

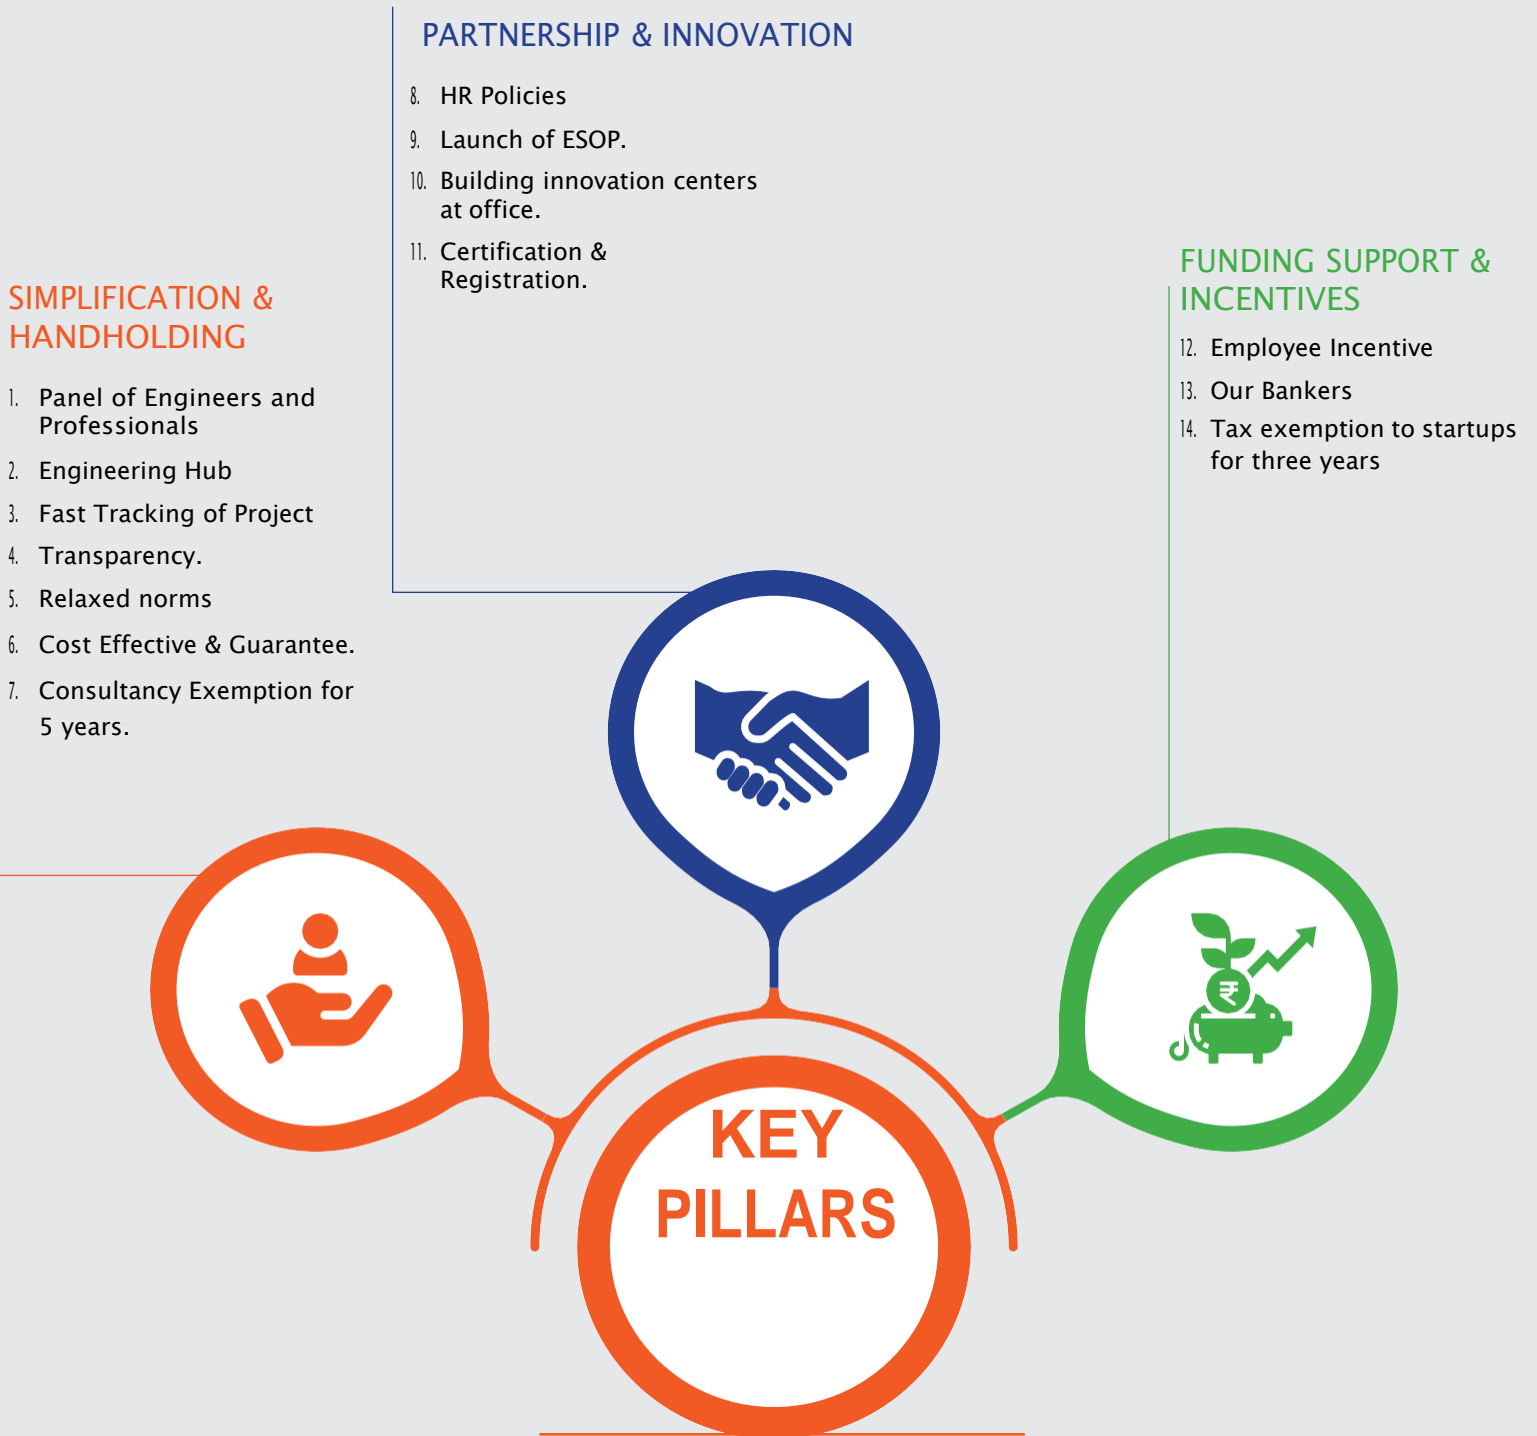

Our Other Ventures:

To maintain Quality and Time we have separated each Sector of Work with Different Unit & Different Management which works closely to satisfy the Commitments.

THE APPROACH PLAN (CONTD.)

With this Approach Plan the entire team hopes to accelerate:

Our Bankers...

GRAMMATICAL INFRA: THE CATALYST OF CHANGE

With an aim to operationalize its approach plan towards a 'pro-entrepreneurship' attitude, Grammatical Infra has created a

Three-pronged strategy

- To facilitate a common platform to connect the entire engineering ecosystem,
- To provide benefits and other necessary support for infrastructure development, and
- To engage different professional's for their prolonged services.

While the first two are aimed at providing a one-stop shop for clients, including availing risk free financial investment and other benefits, the objective of the third point is to be achieved through outreach and awareness by taking the message beyond every stake holders which are engaged in overall transformation of Country's infrastructure.

The Approach Plan is primarily focused on addressing the most vital issues faced by infrastructure development society.

NO REQUIREMENT OF:

Letter of Recommendation for any work.

Why Grammatical?

According to dictionary grammar is defined as:

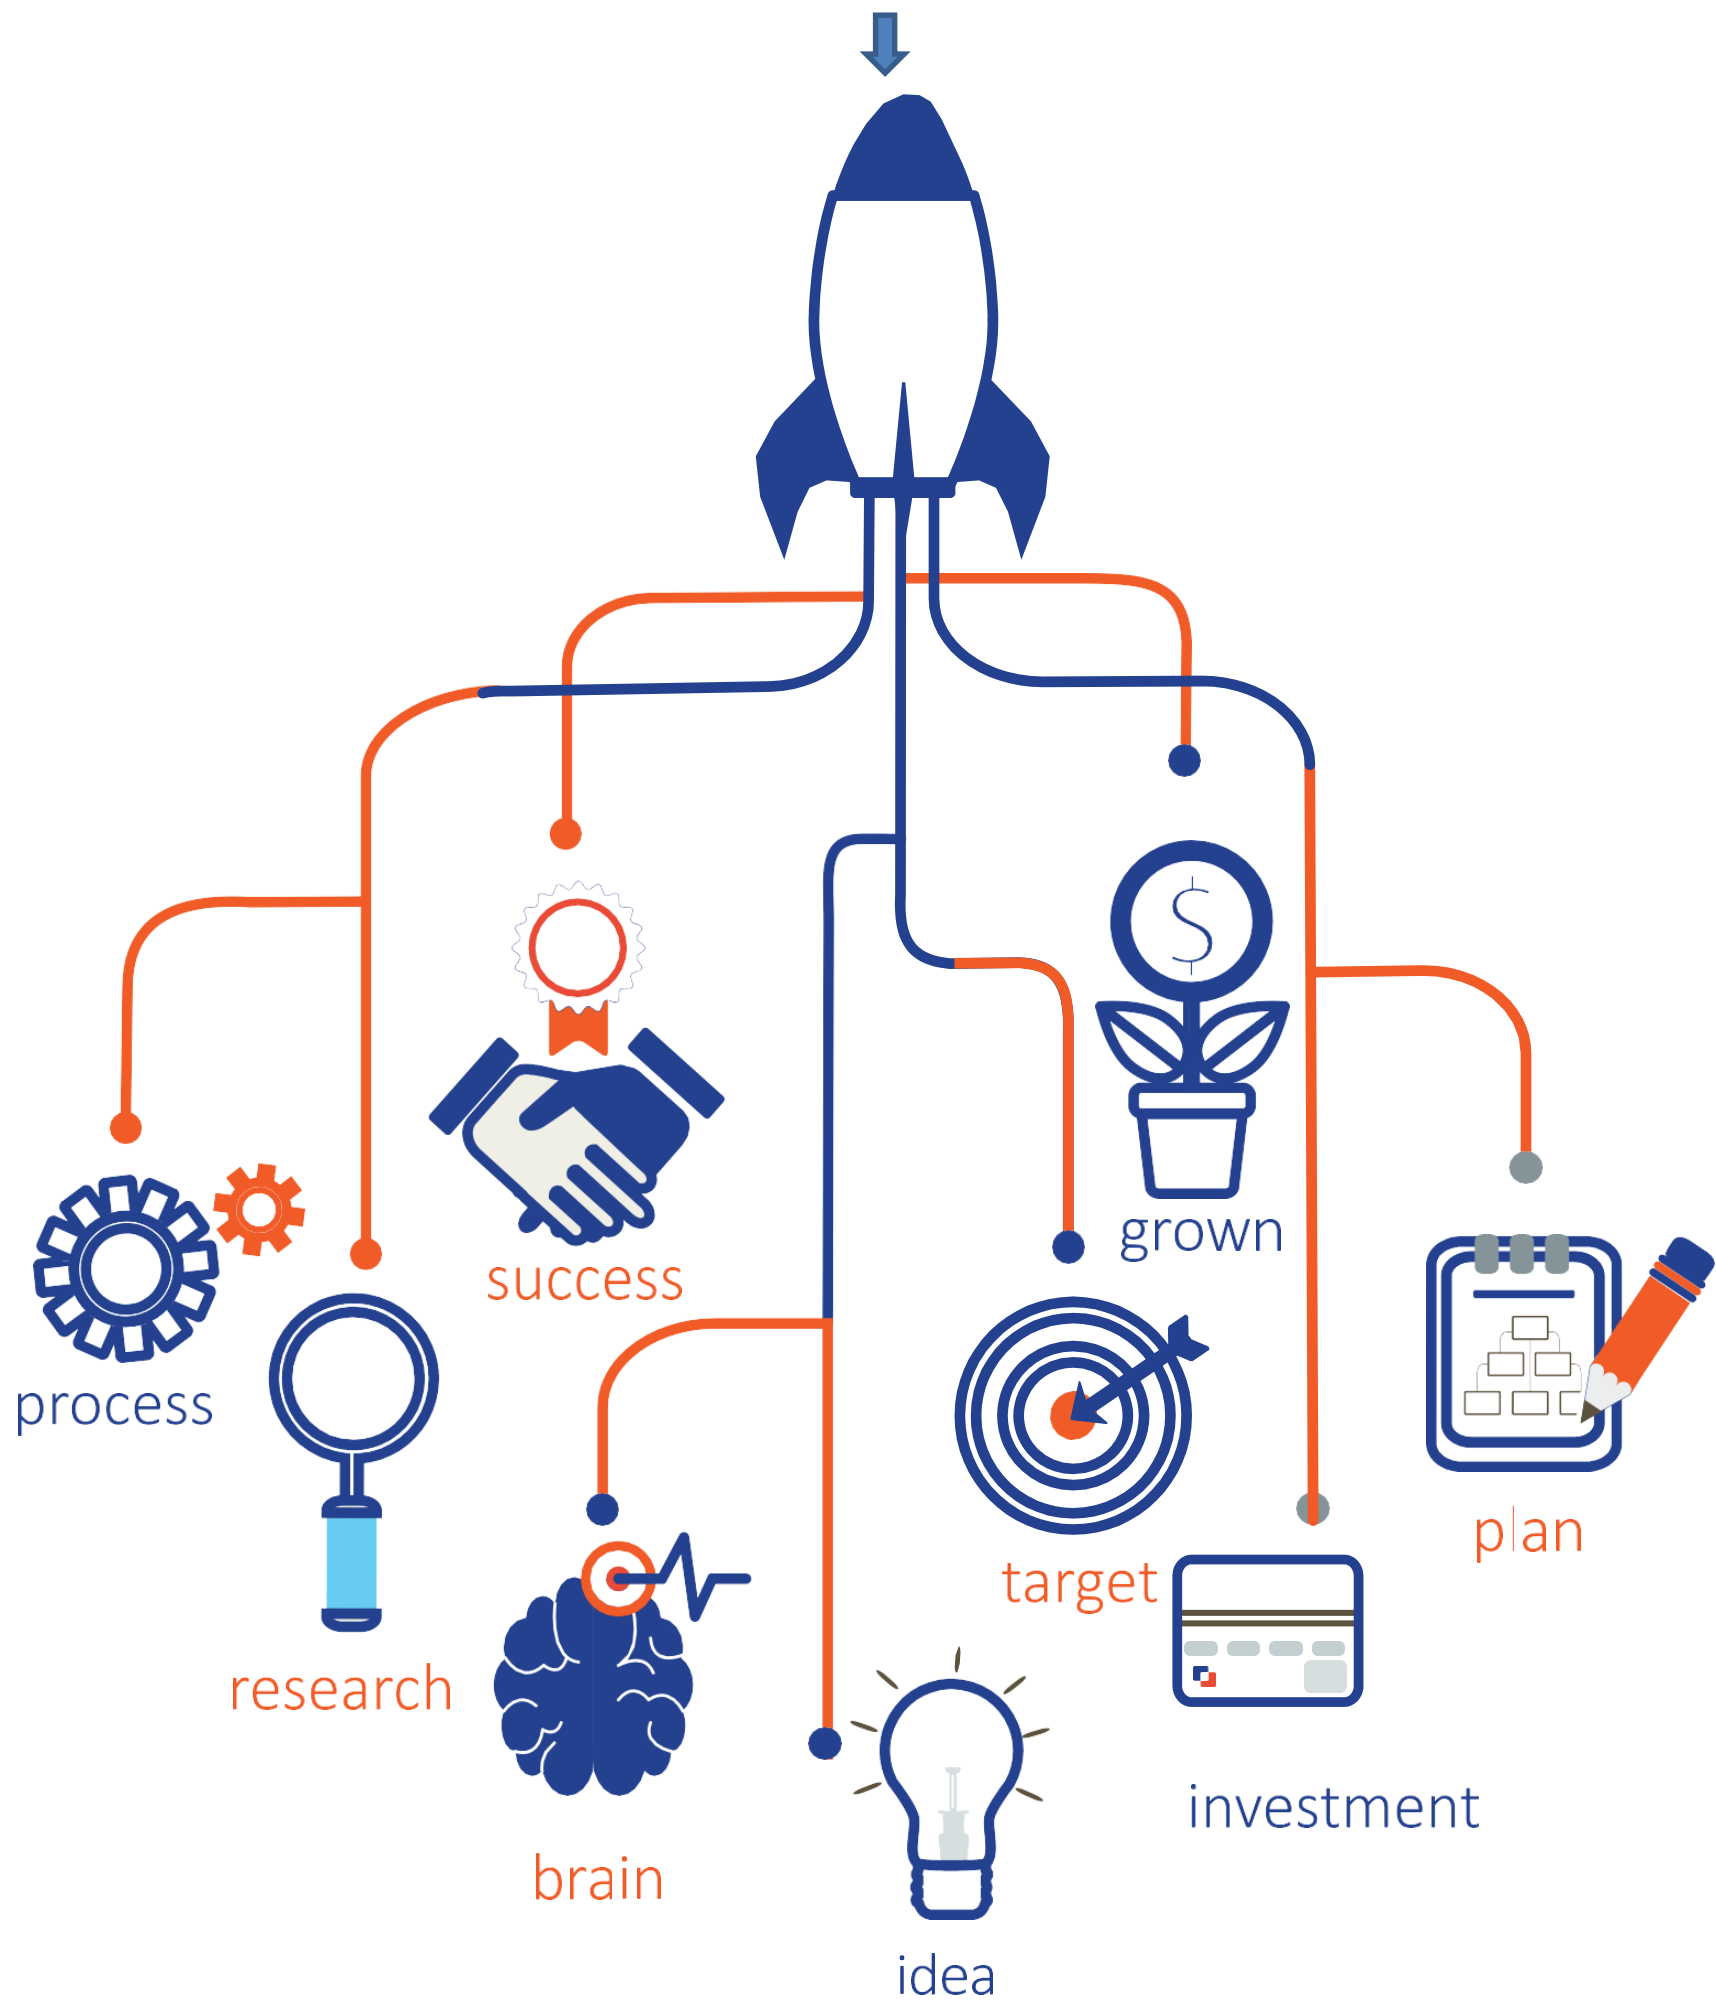

"A set of rules for the structure of Language".

So, we have also adopted a certain rule for structure of infrastructure which must be followed even when we are speaking.

"Proudly we say, we are Grammatical"

- Working towards innovation, development, or improvement of processes towards services, with a trust high potential of employment generation and trust creation.

ALWAYS ADDING (+) TO BECOME A CONSTRUCTION HUB.

RECOGNISED STARTUP (DIPP-57695)

UNDER

DEPT. OF INDUSTRIAL POLICY AND PROMOTION

(GOVT. OF INDIA)

MADHYA PRADESH & JHARKHAND

HAS THE HIGHEST NUMBER OF PROJECTS TILL DATE.

Highlights of work

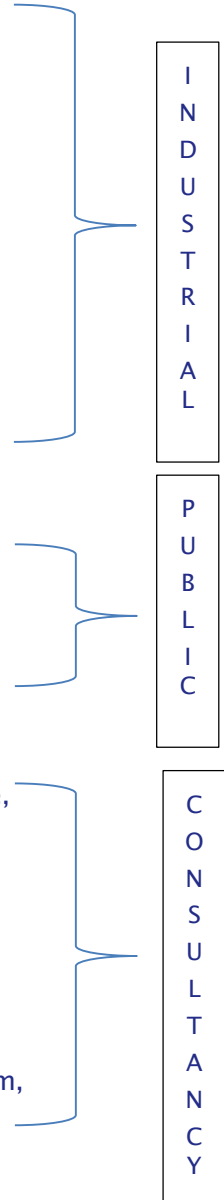

PAST PROJECTS:

From Luxury to budget we have decided the limit, apart from sky is the limit.

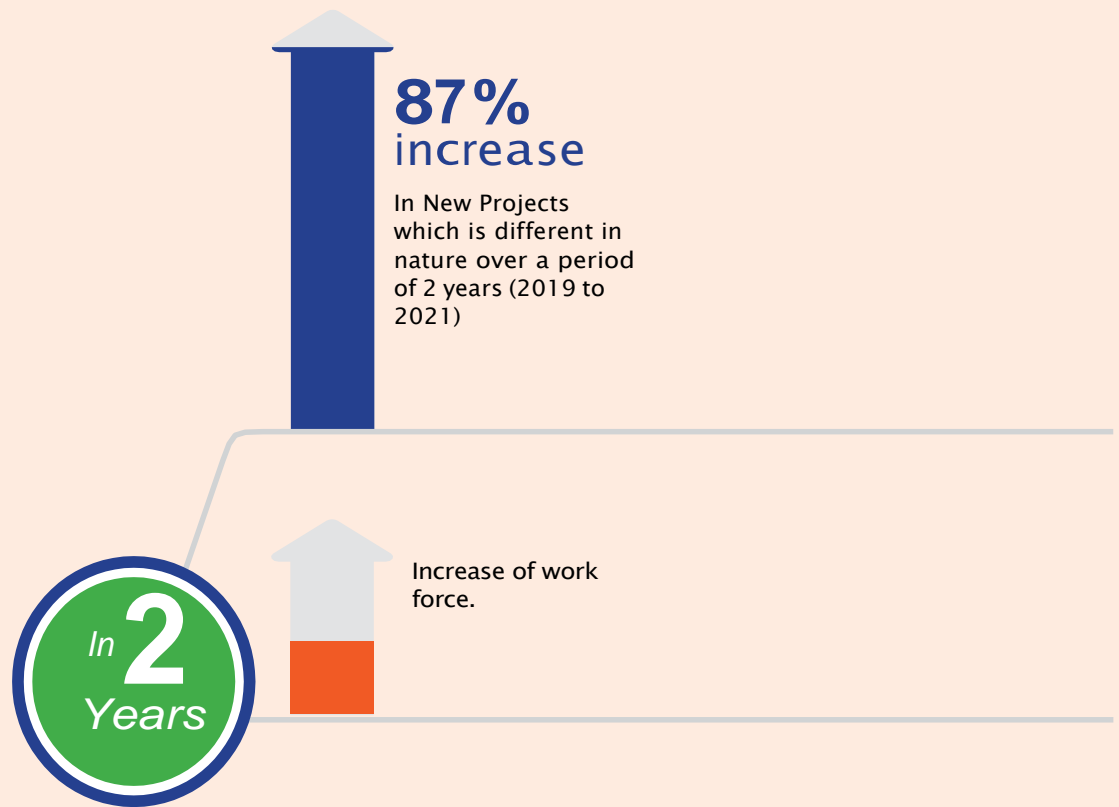

- We take all Guarantee that your next project will be again with us.
- Projects Completed in Each Sector:

- 20 MTPD Dairy Plant with 110 feet height for 98000 Square Feet Floor Area. [EPC Contract] in 14 Month at Sehore, M.P.
- Rotogravure Packaging Plant in 3.5 Acre Land [EPC Contract] in 10 Month at Sehore, M.P
- 500 KLD Effluent Treatment Plant [EPC Contract] in 06 Month at Sehore, M.P.
- 50 TPH Boiler structure with 110 feet height Steel chimney [EPC Contract] in 04 Month at Sehore, M.P.
- Construction of Law College at Nawada, Bihar.
- Construction of Jharkhand Teacher Training College at Koderma, Jharkhand.
- Project Management Consultancy in Koderma–Giridih Broad Gauge Railway Line, Jharkhand.
- Structure Health Monitoring for Military Engineering Services and Nagar Nigam Hoshangabad, M.P.

“The reason why we stand apart is we strongly believe in the importance of time, we complete mammoth task within a short span of time, We are able to execute this because we have the required technical team in multi-disciplinary fields”

Er. Bijoy Kumar Singh
Hon’ble Director.

“Our work is part of a sophisticated and complicated work practice that involves science, engineering, and adherence to the highest safety standards. This year was full of commitments and amongst one of the busiest construction seasons may have witnessed in the past few years. This year has considerable influx of many disasters which slowed down the progress, but friends consider Grammatical Infra as a resource in coming days of development.

Mrs. Jyoti Singh
Executive Director

GRAMMATICAL INFRA RESOURCES

Recent Wanderings

प्रगतिपथ पर बढ़ते कदम

मूलमंत्र 'सर्वोपरि कर्म:'

Civil Engineering की Major Market में अपने सिर्फ 3 साल की योग्यताओं में ही अपनी अलग पहचान बनाने वाली Grammatical Infra Engineers & Consultancy (P) Ltd., Bhopal के Managing Director हैं **अविनाश सिंह** जिन्होंने कम उम्र में ही अपनी इस कंपनी को नई ऊँचाईयों दी है, और इसका श्रेय वे अपने पिता श्री विजय सिंह के Engineers & Consultancy के 30+ वर्ष के परिष्कृत अनुभव को देते हैं। BE (Civil), M Tech (Structure), Ph D (running) की शिक्षा के बाद सरकारी संस्थानों जैसे CSIR एवं NCERT में जॉब करने के बाद, इन्होंने "इंफ्रास्ट्रक्चर - सिविल" के नए क्षेत्र में कदम रखा।

और इस कंपनी को "Fastest Scaling Start-up of India" का गौरवपूर्ण स्थान प्राप्त हुआ। पूरे प्रदेश के 13 जिलों के 17 स्थानों में आकस्मिक रिक्लेण्डिंग के बेस स्ट्रक्चर उपलब्ध करना वेद चुनौतीपूर्ण था। आज इस कंपनी ने सभी नियमों का पालन करते हुए एवं क्वालिटी के मानकों के साथ कई अच्छे क्लाइंट्स को अपनी सेवाओं से संतुष्ट किया है।

उद्देश्य एवं संदेश

नये युवा इंजीनियरों को रोजगार देना एवं उनका करियर बनाना हमारी एवं समय की मांग है। स्टार्ट अप कर रहे युवाओं के लिये मेरा यही संदेश है कि कम काई भी हो छोटा या बड़ा नहीं होता, उद्देश्य बड़ा होना चाहिए। साथ ही समाज में अच्छे लोगों की हर जगह जरूरत है। अपना कार्य यदि लक्ष्य बनाकर एवं दृढ़निश्चय के साथ किया जाये तो सफलता सुनिश्चित है।

कार्य

वे सिविल इंजीनियरिंग के हर क्षेत्र जैसे सर्वे, डिजाइन, ड्राइंग, मैटेरिअल टेस्टिंग, निर्माण आदि के अलग-अलग विशेषज्ञ इंजीनियरों की टीम के साथ महत्वपूर्ण सलाह व सुझाव के साथ प्रगति पथ पर अग्रसर हैं।

विशिष्ट योगदान

कोरोना काल सभी वर्गों के लिये चुनौतीपूर्ण रहा है। लॉकडाउन में खास्य सेवाएं बाधित न हों, सिर्फ इसी उद्देश्य से "इनोक्स एयर" के मेडिकल आक्सीजन रिक्लेण्डिंग को प्रतिस्थापित करने का महत्वपूर्ण कार्यदेश उभर पिया, जो सिर्फ 3 माह की अवधि में जिस नम्यता एवं लगन के साथ पूरा किया वो आज पूरे प्रोजेक्ट के लिये मिसाल बन गया

मिलिट्री इंजीनियरिंग सर्विसेस (MES), इटारसी ऑल्ट वाटर टैंक का Structural Audit करते हुए।

Indian Green Building Council
